TYPHOON USB2.0 FRONT ACCESS HUB

Introduction

Increase your productivity with a single upgrade which comes with 9-in-1 Card Readers, USB ports, Firewire (IEEE 1394) port, Mic IN, Line IN, Video jacks, and Headset Out connections. All in a single 5.25" front panel for immediate and easy access in front of the computer. Everything at the back is now conveniently in front. No need to reach right to the back connections at the back of the computer anymore. Use the Typhoon USB2.0 Front Access Hub and operate your tasks directly and conveniently. Comes with 9-in-1 card readers for your Digital memory cards data transfers. Direct USB ports for your USB devices, and the Firewire port for your Digital Video device connections. 2 LEDs for power and activity status indications. Connect your keyboard and mouse from the front too.

Article Number: 83055
